MEMORANDUM FOR: NSA Liaison Officer, NPIC

ATTENTION:

FROM: Chief, CIA/PID (NPIC)

SUBJECT: Sau Mao Military Complex

REFERENCE: Requirement No. NSA/P056/R4 - 63 (c) (Project No. C 643-63)

1. In response to Requirement No. NSA/P056/R4 - 63 (c) (C 643-63), a study was made from [redacted] in order to determine the billeting capacity of the SCU MAO Military Complex (2246N-10058E).

2. The complex consists of five barracks areas (designated A thru E for the purpose of this report) located on the outskirts of Sau Mao with an estimated capacity for about 24,600 troops. Areas A, B, and C each have facilities for regimental-size units. Area D has facilities for a division while area E is probably a school or administrative area.

3. Area A contains 45 barracks (10-115' X 25' and 35-100' X 25') capable of housing 3,874 troops, 9 mess halls, and 49 administrative/support-type buildings.

4. Area B contains 44 barracks (100' X 25') capable of housing 3,666 troops, 9 mess halls, and 31 administrative/support-type buildings.

5. Area C contains 48 barracks (100' X 25') capable of housing 4,000 troops, 7 mess halls, and 41 administrative/support-type buildings.

6. Area D contains 138 barracks (100' X 25') capable of housing 11,500 troops, 20 mess halls, and 60 administrative/support-type buildings.

7. Area E contains 19 barracks (100' X 25') capable of housing 1,583 troops, 3 mess halls and 99 administrative/support/class room type buildings.

8. Troop capacity for the aforementioned areas is compiled on the basis of 30 square feet per man.

Declass Review by NGA.

9. There is no indication of recent barracks construction in the area. Well worn paths indicate that the barracks areas appear to be in a state of use, although only 18 vehicles were noted within the military complex.

10. The photo analysis on this project was performed by [REDACTED] CIA/PID/GMB (NPIC), who may be contacted on [REDACTED] for any additional information.
